Sample News Release for Dinner Division Meetings

A [sample news release](#) is available to local school districts that host fall or spring dinner division meetings. The sample release identifies the purpose of the division meeting, topics and presenters, and participation or awards earned by local board members. The news release may be used in district websites or newsletters, or sent to local news media for public release. Questions regarding the content or use of this release may be directed to your Field Service Director or the IASB Communications department at ext. 1131.

Sample News Releases

Sample news releases have been developed by IASB to assist those districts that want to pro-actively share what they will do and/or did at the 2012 Joint Annual Conference. IASB has also prepared two memos; one that explains the purpose and use of pre- and post-conference news releases is included, and another on how to think about and prepare for optional media interviews. To access this information, please click on the Annual Conference tab on the upper right of this page.
